

ON-SITE / QUICK TURN ANALYTICAL SERVICES

Organic

Volatiles by GC/MS*	8260B*
Semi Volatiles by GC/MS*	8270C*
PAHs by GC/MS*	8270C*
Pesticides by GC/MS	8270C
PCBs by GC/MS	8270C
TPH/Hydrocarbon	8270C
Fingerprinting by GC/MS	

NJ Cat I Certified for GC/MS Volatiles and PAHs
NJ Cat II Certified for all GC/MS Volatiles and Semi-Volatiles
24 Hour Turn Around Available for all Analytical Procedures

Inorganic

X-ray Fluorescence	EPA 6200
pH	9040B*, 9041A*, 9045c*
% Solids	
Dissolved Oxygen	4500*
Hazcat	ASTM, SW-846
Wet Chemistry	Spectrophotometry
Conductivity	9050A*
Temperature	2550B*

*New Jersey DEP Certification # 18015

S₂C₂ is committed to working with our clients through all project phases - from the initial proposal, through field implementation, to project completion. S₂C₂ can provide Certified, Definitive Non-Certified or screening level analysis, based upon the required analytical needs of your project.
